GENERAL TERMS OF SCRAP ACCEPTANCE IN ZŁOM-BIAŁA SP. Z OO (LTD)

Steel scrap must not contain:

- Non-ferrite metals occurring as single pieces, elements mechanically joined with pieces of metal scrap also in the form of coating
- Non-metallic pollutions i.e.: sand, dirt, slag, concrete, tar, gum, paint, cement, rocks, stones, wood, plastic, etc.

Forwarded scrap must comply with the following:

- Scrap must not contain non-metallic materials, i.e.: sand, dirt, slag, concrete, tar, gum, paint, cement, rocks, stones, wood, plastic, ceramics, glass, etc.
- Scrap must be free from dangerous materials, explosives or materials that potentially might be considered explosive.

The supplier guarantees the delivery of the scrap satisfying these conditions and assumes full

responsibility for it.

Pricelist hereabove does not constitute an offer pursuant to art. 66 §1 of Civil Code (Poland).

We reserve the right to change the individual prices indicated in the price list as well as the whole price list without notice.
